Meet Samir Bhatia of Brightleaf Solutions in Brookline

Today we’d like to introduce you to Samir Bhatia. Samir, please share your story with us. How did you get to where you are today?

Samir enjoys spending time with his niece, Sania and his nephew, Dhruv (pictured above). He formed Brightleaf Solutions in 2015 with his partner, Raj, to apply his expertise in technology and business development to create solutions for the Big Data space.

Samir’s knowledge and passion for technology and business development allowed him to build Brightleaf Solutions through a combination of in-house technology, software development and business expertise. In 2017, Samir purchased the Brightleaf Solutions assets and the original “assembly” business spun out into a separate company.

So, as you know, we’re impressed with Brightleaf Solutions – tell our readers more.

As we continue to grow and expand our services, I would like to thank all of our customers and partners for their support. Without you, we wouldn’t be where we are today. We look forward to continuing to serve you and helping you grow your business.
